# GRANTEE UPdate April 27, 2009

The Update is a bi-weekly Web newsletter published by the Iowa Department of Public Health's Bureau of Family Health. It is posted the second and fourth week of every month, and provides useful job resource information for departmental health care professionals, information on training opportunities, intradepartmental reports and meetings, and additional information pertinent to health care professionals.

# **STD Awareness**

April is STD Awareness Month, an annual observance to raise public awareness about the impact of sexually transmitted diseases (STDs) on the lives of Americans and the importance of preventing, testing for and treating STDs. It is an opportunity to normalize routine STD testing and conversations about sexual health.

# Did you know?

Half of all new STDs occur in 15 to 24-year-olds, many of whom have no symptoms.

The National HIV and STD Testing Resource, a service of the Centers for Disease Control and Prevention (CDC) has created a Web site that provides resources to help the public stay STD-free.

This site was also created for STD prevention partners and stakeholders to support STD prevention outreach. We encourage you to visit this site throughout the year to access materials, education tools, and information to support your STD Awareness and other prevention activities. We hope the content on this site will assist your efforts to educate, motivate, and mobilize your local community in the prevention of STDs, not just in April, but year round.

As a nation, we must increase focus on reducing the economic and health impact of STDs. We know STD prevention efforts are cost-effective yet often underused. STD Awareness Month serves as a reminder for all of us that expanded prevention efforts are urgently needed to reduce the toll of STDs and to protect the health of millions of Americans.

To learn more, go to www.hivtest.org/SAM/index.cfm.

# **Bureau of Family Health Grantee Committee Meeting**

The next Bureau of Family Health Grantee Committee Meeting is scheduled for June 18, 2009 from 9-11 a.m. via the ICN. *This is a required meeting for Bureau of Family Health contract agencies*.

# **Effective Strategies to Budget Reductions**

The Bureau of Family Health has scheduled a phone conference for grantee agencies to discuss Effective Strategies to Budget Reductions on May 7 from 10:30 a.m. - 12 p.m. If you would like additional information, including information on how you can participate in the conference call, please contact Heather Hobert Hoch at <a href="mailto:hhobert@idph.state.ia.us">hhobert@idph.state.ia.us</a>.

# **CMS 416 Participation Rate Data for 2008**

The CMS 416 Participation Rates for 2008 were recently released by the Iowa Medicaid Enterprise (IME). Participation rates indicate the extent to which the number of Medicaid eligible children who should be screened during the year receive at least one initial or periodic screening service.\*

You will find two tables displaying the data:

- Participation rate data by county are found on pages 5-7 of **The Update**.
- County level data grouped by child health service area are found on pages 8-11 of **The Update**.

This data may also be found on the EPSDT Web site at <a href="www.idph.state.ia.us/hpcdp/epsdt\_care\_for\_kids.asp">www.idph.state.ia.us/hpcdp/epsdt\_care\_for\_kids.asp</a>.

The federal requirement is an 80 percent participation rate. You will note that Iowa's overall state rate of 72 percent for 2008 remained unchanged from that of 2007. Although the state rate remained the same as last year, you may find variation in the rates for your agency, counties and age ranges within counties. Any data element under the 80 percent requirement is boxed and in red in the data files. Clearly, assuring that children access well child screens remains a priority area of focus for Iowa.

\*The unit of measure is the number of eligibles receiving at least one initial or periodic screening service divided by the unduplicated count of eligibles who should receive at least one initial or periodic screening service in the year. The initial and periodic screening services are based on the periodicity schedule recommended in the AAP Guidelines for Health Supervision and the average period of eligibility in each state.

# CALENDAR OF EVENTS

# May 7, 2009

Effective Stategies to Budget Reductions (grantee dialogue) 10:30 a.m. - 12 p.m., Phone conference For more information, contact Heather Hobert Hoch at (515) 281-6880 or <a href="mailto:hhbert@idph.state.ia.us">hhbbert@idph.state.ia.us</a>.

# May 15, 2009

The 30th Annual Governor's Conference on Aging: AGING WELL EXPO 8 a.m. - 3 p.m., Hy-Vee Hall, Downtown Des Moines, 730 3rd Street For more information, contact Carolyn Danielson at (515) 725-3318.

## June 10-11, 2009

2009 Immunization Statewide Conference 6-9 p.m. (Day 1) 8 a.m. - 4 p.m. (Day 2) Hy-Vee Hall, Downtown Des Moines, 730 3rd Street For more information, contact Bridget Konz at 1-800-831-6293, ext. 7.

# \*June 18, 2009

Bureau of Family Health Grantee Committee Meeting 9-11 a.m., ICN For more information, contact Heather Hobert Hoch at (515) 281-6880 or hhobert@idph.state.ia.us.

\*Required meeting
